To American Forklift Training Centers,

On behalf of the Los Angeles County Office of Education GAIN Division we recognize and distinguish American Forklift Training Centers for their unmatched contribution to our Supplemental Certified Forklift Training Program. American Forklift Training Centers has provided expert forklift training for our participants since 2017. Since then, American Forklift has assisted and provided over four hundred of our participants with forklift certification from both the Pomona and Commerce locations. The forklift training has produced over 67% of job placement and or job retention for our participants. We appreciate your continued contributions and efforts in providing the quality of training it takes for our participants to obtain jobs in the Logistics Industry. It is and as always an honor to work with you.

Sincerely,

Don Lindgren
